

A photograph of a modern wooden bench with a footrest, situated on a paved promenade overlooking the ocean. The bench is made of light-colored wood slats and is positioned on a paved area with a brick pattern. In the background, there is a metal railing, a rocky beach, and the ocean under a clear sky. The word "BENCHMARK" is overlaid in white capital letters.

BENCHMARK

BESPOKE

English furniture maker

Benchmark has been making bespoke furniture for restaurants, hotels, offices, public buildings and private clients across the UK and internationally since 1985.

They have a passion for craftsmanship and design, and a commitment to sustainability.

www.benchmarkfurniture.com

T: +44 (0) 1488 658184

E: streetfurniture@benchmarkfurniture.com

In addition to being sole licensed manufacturer for the Wales & Wales collection of street and park furniture, Benchmark offer a bespoke service for public space projects. Outdoor commissions include commemorative benches for Hereford Cathedral, the design and build of a pavilion for the National Trust, the Alnwick Garden Pavilion and a bespoke outdoor seating area for the Woodland Trust Headquarters.

Benchmark is one of the most technologically advanced workshops in the UK, employs a team of 40 craftsmen and has a full service design studio. It was the first furniture maker to win the Queen's Award for Enterprise in Sustainable Development and has FSC and PEFC certification.
