

# BENCHMARK

## WE ARE LOOKING FOR SKILLED MAKERS

**Location:** Kintbury, Berkshire

Benchmark is a powerhouse of craft with sustainability and wellness at our core. We make furniture and specialist joinery for commercial and residential markets. Renowned for our deep knowledge of wood, our craftsmanship and design-led approach, we are proud to work with many of the world's leading architects and designers on projects in the UK and around the world.

Over the years we have continually invested in our facilities and new technology. We have workshops for milling, cabinet making, veneering, finishing, metalworking and upholstery as well as 5-axis CNC machining. This allows us to control the whole process from selection of the best raw materials through to final installation.

We are always interested in hearing from skilled makers who share our love of making and care deeply about the making process. We are a close-knit and friendly team and are looking for team players with initiative and can-do attitude.

We offer excellent working conditions.

If you would like to express your interest, please contact our Manufacturing Director,  
Steve Cooper [stevec@benchmarkfurniture.com](mailto:stevec@benchmarkfurniture.com) 01488 608035

Further information about Benchmark and examples of our work can be found on our website
