	1200/2400 x 800 x 1070mm
MEDIA STAND	1200 x 567 x 1850mm

FINISHES

European oak

American red oak

British ash

Finished with low VOC natural hard wax oil - a hardwearing finish that keeps the timber looking and feeling natural, and can be refurbished easily.

TRANSPARENT HEALTHY PRODUCTS

For complete transparency, our solid timber furniture has Red List Free and Declare labelling – an internationally recognised ingredients list for products that shows where it comes from, what is made of and where it goes at the end of its life. Red List Free means that it contains no harmful toxic chemicals and meets the standards for WELL certified buildings.

ENVIRONMENTAL CREDENTIALS

ILE is made from sustainably sourced solid timber. We have invested in Life Cycle Assessments and independently verified Environmental Product Declarations (EPD's) to demonstrate the impact of our furniture.

[EPD's for the ILE collection can be downloaded here >](#)

LIFETIME CARE

ILE is presented with a LIFETIME WARRANTY against defective materials and workmanship. We also offer a LIFETIME REPAIR & REFURBISHMENT SERVICE and a TAKE BACK SCHEME. Please contact us for further details.

ILE Modular System

FOSTER + PARTNERS

ILE responds to the needs for spaces to be easily shaped, divided, and reimagined. Designed as an evolving range of interchangeable elements, all made in solid timber, that can be connected back-to-back or alongside one another to facilitate different ways of working.

Integral to the system's flexibility is an innovative timber fixing strip that allows users to lock together and separate each element with ease.

ILE Modular System - Accessories

FOSTER + PARTNERS

A characteristic 'shadow gap' runs the length of the ILE system, enabling power modules, lighting rail, shelves, book ends, table and magnet board to be placed in any position along the worktop.
